

Brambles Primary Academy

This home learning is for this week. While this is not compulsory, children are encouraged to complete the tasks on a weekly basis and if possible, post pictures or send examples of the work you have done on our [Facebook](#) page or email brambles@tved.org.uk.

Please continue to read daily, this is the key to future success. Remember to log onto Times Tables Rock Stars, Spelling Shed and Maths Shed!

Y5/6

1.6.20

Subject	Learning Challenge
	Y5/6
Maths	Your challenge is to create a theme park. Use squared paper or the template below to set out a park that is 200 squares in total. Use the costing key below to add different rides, shops, paths etc. Once you've finished, calculate the total cost of your theme park using the key. For example, thrill rides cost £50,000, so if you have 5 thrill rides – 5 x £50,000 = £250,000.
Reading	Look online at different theme parks' websites such as Flamingo Land, Alton Towers and Disney Land. Think carefully and make notes of the persuasive language used throughout (these will come in handy for your writing task too!) How do the parks make theirs seem appealing and make you want to visit?
Writing	Create a leaflet for a theme park. Again, look at a range of theme park websites to get some ideas and using your notes from the reading task begin to create your advertisement. Remember your objective is to persuade people to visit so make it look and sound fantastic with lots of pictures and interesting adjectives!
Wider Curriculum	What do you already know about UK-based theme parks? Research online to find out as much as you can about the history of theme parks. You could focus on parks in the North East such as Flamingo Land or Lightwater Valley and present your research in a fact file.
Challenge	It's time to put your creativity skills to use! Inspired by your leaflet, plan and design your own rollercoaster which could be part of a theme park. Think about using a range of materials such as cardboard, toilet roll holders, fabrics and plastic. Make sure that it's eye-catching, appealing to all ages and has some wow factor e.g. many loops, moves backwards, etc. You can even use a marble to test it out!
Year 5&6 Book Club	<p>Our book is <i>The Secret Garden</i> by Frances Hodgson Burnett.</p> <p>Listen to Chapter 7- 'Two days after this, when Mary opened her eyes she sat upright in bed immediately, and called to Martha.'</p> <p>Task: Mary was starting to like the garden just as much as the robin, Dickon, and Martha's mother. She wasn't used to liking. What impression do we get of Mary from these lines?</p> <p>https://stories.audible.com/pdp/B002UZMRV8?ref=adbl_ent_anon_ds_pdp_pc_pg-1-cntr-0-18</p>
