

# **Brambles Primary Academy**

## **3 year Accessibility Plan**

**2015 - 2018**

## **Purpose**

Under the Equality Act 2010 all schools/academies should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

## **Scope**

The Accessibility Plan contains relevant and timely actions to:-

Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or educational visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;

Improve and maintain access to the physical environment of the academy, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;

Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the academy and academy events; the information should be made available in various preferred formats within a reasonable timeframe.

This Accessibility Plan should be read in conjunction with other related TVE policies and guidance documents.

## **Ethos and values**

The Trust Board of Brambles Primary Academy (Tees Valley Education) and Local Academy Committee (LAC) is fully committed to meeting the requirements of both the Equality Act 2010, as applicable to those staff, pupils and members of the public who have restricted:

Mobility

Manual dexterity

Ability to lift, carry or move everyday objects

Cognitive ability, memory, or ability to learn, concentrate or understand

Physical co-ordination

Continence

Speech, hearing or eyesight

Risk perception or physical danger

We have made a clear commitment in our values, vision and ethos statement that we are a fully inclusive academy and respect and celebrate diversity and difference.

The Trust Board devolves responsibility to the Head Teacher to **make any and all reasonable adjustments** as necessary to the academy and its infrastructure, so that:

- No person accessing the academy site is served less favourably by way of their disability, or unable to access any necessary part of it.
- Any person with a disability is able to play a full and active part in all aspects of academy life.
- Any pupil with a disability has equal and full access to all aspects of the curriculum and its delivery, as well as extra-curricular activities.
- No pupils' standard of attainment or achievement should be compromised as a result of disability.

### **Monitoring and Evaluation**

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by TVE Trust Board and published on the academy website.

At Brambles Primary Academy, the accessibility plan will form part of the Finance and Resource Committee work and will be monitored by the Head of Academy and evaluated by the Co-CEO's and relevant Trust Board members. The Accessibility Plan is structured to complement and support a number of TVE policies.

### **Management and process**

The accessibility plan will be managed and co-ordinated on a day to day basis by the Academy Business Manager, Deputy Head Teacher / SENDCo, and Pastoral Lead ensuring that:

- The individual needs of pupils will be assessed prior to admission to the academy
- Relevant staff will work closely with parents and other agencies to agree the most appropriate support for pupils with disabilities. Multi-agency meetings will be held as necessary to share knowledge and information and review the effectiveness of provision.
- Every effort will be made to include pupils with a disability into all activities, and where possible, we may provide aids and devote additional resources to ensure this is the case.
- Any strategies put in place will be shared with those affected, monitored for effectiveness and adjusted accordingly as a result of changing circumstances.
- Information on the specific needs of pupils with a disability will be disseminated to all relevant staff either in hard copy, by email, or in person.

### **Physical Access**

There is excellent physical accessibility to all areas within Brambles Primary Academy. The building within the academy site has the following features:

- Non-stepped or gradient ramp access/egress
- Adequate space in circulation areas
- Disabled access toilets and changing facilities
- Disabled access to all communal and eating areas

This is be further enhanced by:

- Assessing the safety needs for pupils with a disability (P.E.E.Ps) that may affect their physical or emotional well-being. This will inform further modifications as reasonably practicable.
- Continually reviewing the environment of the academy and the way we plan, prepare and deliver the curriculum, adapting to the needs of new users of the academies facilities.

The requirements of the DDA will be taken into account when planning any changes to the premises (including minor improvements) as we develop and expand the academy facilities.

### **Organisation and access to the curriculum**

The academy has an ethos of making pupils feel safe and treating all stakeholders with dignity, regardless of their disability. All pupils have access to a diverse and enriching curriculum, which may be modified where necessary, according to individual need. We will also undertake the following actions:

- Developing an understanding of disability with all pupils through positive role models across the curriculum
- Avoiding using stereotypes
- Developing language that emphasises the person rather than the disability
- Continually reviewing our extra-curricular and enrichment provision to ensure all pupils with a disability can be included and where this is not possible, provide learning experiences which promote similar development of knowledge and understanding.
- Where reasonably practicable, prescribed medical procedures will be followed to ensure equality of access for pupils, carried out by appropriately trained staff.

### **Improving information to pupils, staff, parents/carers and visitors**

- Any learning materials provided to pupils will be modified by teaching staff to take account of their disabilities and maximise progress. Ongoing CPD will be given to staff in response to our self-evaluation and particular needs of needs

- Where there is a physical modification needed to improve information sharing (e.g. projector software for visual impairment, radio-aid for hearing impairment) we will work with relevant agencies to seek funding and train staff and pupils.
- We will accommodate parents with a disability or other needs to the best of our ability by providing additional services as needed. e.g. ensuring there is a sign language interpreter at meetings, ensuring text is provided in large print, allocating a key member of staff to communicate essential information where literacy is a barrier.
