

Brambles Primary Academy – Afternoon Nursery

Nursery
15.6.20

This home learning is for this week. While this is not compulsory, children are encouraged to complete the tasks on a weekly basis and if possible, post pictures on our [Facebook](#) page or email brambles@tved.org.uk

In the summer term we would be working on the children's Personal, Social and Emotional skills and beginning to introduce Maths and Phonics in preparation for the children becoming our older Nursery members in September. Anything you can do at home to help your child become independent will be a great benefit to them.

Subject	Learning Challenge
Maths	Can you use blocks to make a small lighthouse?, a middle sized lighthouse? And a very tall lighthouse? If you haven't got blocks you could use cereal/food boxes to make lighthouses from.
Phonics	Learn the words to 'The Sun has got his hat on'
Reading	Listen to the story of 'The Lighthouse Keepers Lunch',
Writing	Draw a picture of a Lighthouse, choose two colours and colour the lighthouse with a stripy pattern – ask an adult to help you with the lines if it's tricky.
The World	When it gets dark ask an adult to show you the torch on their phone or if you have a torch even better, look at the shadows on the wall. Try using the torch during the day – what happens?
Physical Development	Balloon Activities <ol style="list-style-type: none"> 1. From a standing position, throw a balloon up and down and catch with both hands together. 2. From a standing position, tap the balloon from your right hand to your left hand several times. 3. Whilst walking, throw the balloon in to the air and by tapping it upwards try to prevent it from falling to the floor. 4. With a partner, both standing still, throw the balloon to each other, catching with both hands. Vary the distance between each other during this exercise. 5. With a partner, throw and catch the balloon to each other while moving around the area.
