Reading through Songs

*Maybe he's right. Maybe there is something the matter with me  
I just don't see how a world that makes such wonderful things could be bad...  
Look at this stuff  
Isn't it neat?  
Wouldn't you think my collection's complete?  
Wouldn't you think I'm the girl  
The girl who has everything?*

- Who is Ariel talking about when she says 'Maybe he's right'? Why do you think King Triton thinks Humans are bad?

---

---

- What wonderful things do you think Ariel is talking about?

---

---

- What tells us Ariel is young?

---

---

- What does she have a collection of?

---

---

- How has she managed to get these objects?

---

---

- How do we know she has a lot of human artefacts?

---

---

- Does she feel happy about the collection? Why would you think she has everything?

---

---

*The snow glows white on the mountain tonight  
Not a footprint to be seen  
A kingdom of isolation  
And it looks like I'm the queen  
The wind is howling like this swirling storm inside  
Couldn't keep it in, heaven knows I've tried*

- What does the lyric 'not a footprint to be seen' tell us?

---

---

- A kingdom of isolation is an example of what? On a scale of 1-5 how big is this feeling of isolation?

---

---

- Why has the word Isolation been chosen?

---

---

- The wind is howling like this swirling storm inside is an example of?

---

---

- What verb is used to describe the wind?

---

---

- How does she feel about the storm inside from this word choice? Why?

---

---

- Who is Elsa talking about when she sings 'heaven knows I've tried'?

---

---

*I've been staring at the edge of the water  
'Long as I can remember, never really knowing why  
I wish I could be the perfect daughter  
But I come back to the water, no matter how hard I try*

- What tense is used in the first line?

---

---

- Why has she chosen the word staring over looking?

---

---

- What could the water be a metaphor for?

---

---

- Where is the edge of the water?

---

---

- How do you know she's been staring for a long time?

---

---

- If she doesn't know why she's staring at the water, why does she do it?

---

---
